Contexte et Objectif

Les plateformes comme Airbnb ou VRBO regorgent d'annonces avec des descriptions souvent idéalisées par les hôtes. Cela peut créer un écart de perception entre ce qui est annoncé et ce que vivent réellement les voyageurs.

Notre solution :

Développer une application NLP qui génère des descriptions plus réalistes et nuancées, à partir des commentaires clients.

L'utilisateur a 2 possibilités :

Parcours 1 : Saisir une URL d'annonce VRBO → scraping → traitement Pipeline

Parcours 2 : Use Data que on a scrapper → choisir un logement(choix index) → traitement Pipeline

Pipeline de l'ASSISATANT

StaySmart & RealReview Assistant

Bienvenue 🙌

Grâce à notre application, vous avez deux parcours possibles pour enrichir les descriptions de logements :

- [Scaper une annonce précise depuis une page VRBO : l'application extrait automatiquement la description et les avis clients liés à cette page, puis effectue tout le processus d'analyse \(nettoyage, traduction, similarité, résumé, génération\).](#)
- [Analyser une base de données complète : vous pouvez importer un fichier Excel contenant plusieurs annonces. L'utilisateur choisit un index correspondant à un logement donné, et l'application applique le pipeline NLP à ce cas précis.](#)

Objectif ⚽

- Nettoyage et traduction des données
- Calcul de similarité sémantique
- Résumé intelligent basé sur les avis clients
- Génération via API Groq (LLM)

beautiful and large loftstyle apartment, 90m², very bright, quiet street. 2 minutes from the ligne metro, 5 minutes from the rer e, 15 minutes on foot from the philharmonic, the villette and the city of science along the canal de l'ourcq, 1 minute from the center national de la danse, surrounded by the hermès offices. food shops less than 1 minute away on foot bakery, butcher, cheese maker, wine cellars, organic stores, pretty market, franprix and supermarket.pantin's golden triangle is a booming, young and artistic district. pantin is both relaxing and dynamic. many trendy places. we have good addresses to share. we love pantin and we find many advantages there, both close to the center of paris 15 minutes from république by metro and far from the crowds. you will feel good there! when the days get hot this apartment is very relaxing with its coolness.our apartment is nonsmoking and does not accept animals.two bedrooms beds 160. large living space with open and equipped kitchen oven, dishwasher a bathroom with toilet. wifi back from middle of september.in the basement sofa bed the basement is an open space, 2nd toilet washbasin lingerie.the opening of the stairs is steep, so we recommend that children are not too small.an ecogarden is located behind our building, it is very pleasant picnic, games for children.this apartment is where we live, we really care about it. it is an old felix potin shop from the 1920s, we have kept its character as much as possible.we wanted the person in charge of the apartment during our absence to be present at each arrival and each departure. also, if your arrival or departure does not fall within the proposed time slot, please notify us as soon as possible there will then be an additional 20 charge for the organisation. thank you for understanding.we calculate the cleaning price based on the number of days and the number of people, this includes sheets and towels, on your arrival the beds are made.

- we gave camille our flight number and despite that, we received a bill because her assistant had to wait for us for 3 hours. first of all, paying her assistant is her responsibility. she also gave us the wrong address so we wound up going to paris instead of pantin, where the apartment is located. also, there were delays due to the worldwide internet outage. camille, you and your assistant should have tracked the flight and you also need to leave a lockbox with the key so that your guests can check in whenever they arrive. we do not need a live person to check in which adds to the cost of the stay. also, the place is older than the pictures made us perceive.
- my family and i had a wonderful stay at the very chic apartment. very close to commodities and metro we had an easy stay in pantinparis. the apartment is spacious, clean and loved the deco.
- the apartment was quite charming, very comfortable . enjoyed the neighborhood pleasantly surprised that there were so many conveniences so close and easy walk too. convenience, stores markets, grocery bakery, even a shopping mall, transportation stations, lovely restaurants, all within a few minutes 4.5 stars.
- as a family of 6 we were struggling to find somewhere affordable to stay in paris. we came across this property and chose it based on reviews and proximity to public transportation. when we travel we solely rely on public transportation and were able to stick to that with ease! it does take a bit of time to get downtown but it was absolutely worth it for us. there is an amazing bakery right down the street from the apartment as well as many restaurants and a grocery store one restaurant right across the street. our kids loved playing with the toys at the house! the shower is also so nice that you will never want to get out. the host is a wonderful communicator and is so friendly and easy to get ahold of if need be. i absolutely recommend this property!
- camille was a great host and persevered in getting in contact with me despite some communication issues on my part. her home was clean and had a unique, retro vibe. we loved our time at her place.
- we had a fabulous stay in paris for the 2024 olympics. we are a family of five adults and the apt was a perfect size. there is shops and bakeries nearby and the apt is well linked to transport though not in central paris. the apartment was comfortable and is decorated in a unique way.
- we were a family with 3 children 7, 12, 16 and enjoyed the urban atmosphere of the multiculturel district. the apartment is clean, comfortable and with a special urban character. bakeries and restaurants are only a few minutes away as well as the metro station. check in and check out were completely uncomplicated.
- The connection to public transport is very good. You can quickly be in the Paris city center. The landlord is easily accessible and willing to negotiate when it comes to arrival and departure times. The apartment is lovingly decorated. The ceiling lamp in the form of a whale was the highlight for my daughter. The kitchen is simply equipped, but good enough to prepare breakfast and dinner for the family.
- Very nice apartment, perfect for 4, with a very friendly vintage decor. Perfect location for our concert at the Zenith of Villette 15mn on foot along the canal and close to the metro to visit Paris. Thank you Camille for your speed to answer our questions. We highly recommend
- a great place to stay and very quiet and convenient for paris. wifi extremely slow and not compatible with family demands.
- we enjoyed our time in the apartment. the owner and the couple that run it for them were wonderful. we really appreciated the early check in as one of our group was unwell. the apartment is not 5 star but it has everything you need and is good value for what you pay. you can buy groceries and fresh baked goods one minute from the apartment. we would recommend it to anyone looking to have a home away from home holiday.
- Very nice apartment, very original vintage, spacious, well heated. It is located on the ground floor. Very close to the metro 5 on foot. We had a great stay!
- it's a quaint apartment a little outside central paris. there's not too much around this part of paris, but easy to get anywhere. apartment was a little quirky, and had its charms. bathroom was fine. kitchen was basic which we didn't really use. for a short stay it suited us 2 adults and 3 kids
- we had a great stay, until money was suddenly deducted from our account. they will do whatever they can charge. after our stay, an amount of cleaning costs will be deducted from the account. what has not been agreed. you will also be charged for something we did not do. in short, people who are only after money. do not book!!!
- this property is very spacious. lots of room to move around. ground floor is literally ground floor. you are on a street corner with lots of traffic and people walking by. so it is noisy certain times of day especially into the evening. people will walk by and look in even though there are curtains. the location is great so if you don't mind wearing earplugs if you are a light sleeper. we could have used more towels, maybe a coffee pot or toaster. some of the kitchen stuff could be updated such as a good knife to cut a baguette. the beds are extremely firm so if you don't like that i wouldn't recommend. if you are looking for a great location with amazing bakeries or coffee shops its a minute walk or right across the street. train station isn't far at all. even though there were some cons to the property overall it was good.
- The apartment has a spacious living room, a kitchen, dining area and 3 bedrooms. The next metro station is within walking distance. The city can be explored well from here.
- Pleasant stay, very spacious apartment,
- An original, cozy apartment in a lively quarter. The parking situation is not easy, the connection to public transport is good.
- Me and my family are delighted with our stay and we invite you to come and please you by letting your car in rests and borrowing metro public transport, bus, tram to reach any corner of your dreams in Paris. Recruit well and return to work in strength and energy. MEADI Camille.
- camile's apartment is lovely. it's spacious and thoughtfully decorated. the location was great close to the metro, grocery store, cafes, bakeries and restaurants. it was nice to stay in a quieter neighborhood because paris was extremely busy. the only downside was having no wifi. i know that that is their choice, but as a traveler being able to easily plan your journey is essential.
- The few days spent in this accommodation were pleasant. Spacious apartment for 6 people. Close to the metro and all amenities, we were able to easily radiate and rediscover Paris. Camille is a helpful and accommodating host with whom communication was fluid and pleasant.
- this is a quirky, retro apartment no wifi or tv, no microwave with an open livingdiningkitchen area, a small bathroom with shower, 2 double bedrooms and pull out sofa bed down in a small cellar area off the main living room and an extra wc room down there. it was perfectly fine for our family of 5 with three kids 914yrs but you wouldn't want very young children here as there is an wide open staircase from behind the dining table leading to the extra sofa bed room downstairs and i would worry about a young child falling down. there are lots of original features in this ground floor apartment but they are showing their age uneven, crumbling tiled floor in places. but the place is kept clean and it was a great base for us as, even though just outside the arrondissements of paris, it was just 5 mins walk from the metro or 10 mins walk to the rer so we could get into paris centre easily to see the sights and used the rer to go to disney for the day and also got the metro and train to the airport cdg easily. lovely restaurants, supermarket and boulangerie just in walking distance. great communication with hosts and met upon arrival and departure for key handover, with someone taking care of the apartment in owners absence. they were both lovely and friendly to deal with.
- Everything is as the announcement mentions. A few minutes' walk from a pretty channel with restaurants. The location is therefore very practical and 15 minutes from East Gare metro. The neighborhood seemed to me safe. The owner was well available.
- Camille's apartment is very well appointed and pleasant. Camille was accommodating conditions of arrival and stay everything went well.
- Very pleasant stay in this very well located and spacious apartment. We liked the vintage decor. Camille is very responsive and responds very quickly. Above all, do not hesitate the metro is very close we are very quickly in the center of Paris
- We had a great weekend in Paris with family. L'appartement has a lot of cachet. THANKS.

- my two young adult children 21 and 17 stayed here while visiting paris. communication with denis was phenomenal. he had the kids message him when they left the airport and met them when they arrived. the kids were delighted with the chateau. my daughter said the house is charming and the perfect size for two or three people because there are two beds and a couch. the kitchen has an espresso machine, dishwasher, fridge and freezer, so everything you need. denis left us juice in the fridge, and he made sure we were comfortable and gave us recommendations for what to see in paris. the neighborhood is in a good location, lots of good restaurants around, a good boulangerie right down the street, close to a lot of metro stops. denis is very considerate and provided us with everything we needed to have a good week in paris. we will definitely be staying here again

- we spent 5 nights at this paris rental and felt like we were part of the neighborhood. the experience was exceptional beginning to end. the hosts were very welcoming and helpful, with recommendations for places to visit as well as basic getting around advice. we walked to all the places we visited including paralympic venues and enjoyed the very comfortable rental and nearby restaurants at the end of the day. a wonderful parisian experience!
- comfortable and ideally located. very close to groceries, bakery and small restaurants. very quiet for sleeping. this was my second stay at le chateau and i loved it! would love to stay here again.
- property was in an excellent location for walking, busses and metro. quiet neighborhood. clean and well furnished apartment.
- geat location for anything from the eiffel tower to the latin qurter to the d'orsay museum to bon marche, which is like bloomingdales on steroids. recommended.
- we return to this property a year and a half after our initial visit and found it just as welcoming and accommodating. fabulous location, immaculately cleanso much to love! look forward to a third visit!
- my daughter and i stayed here for almost a week and thoroughly enjoyed it. the neighborhood is quiet feels more residential than touristy and safe. the bus and metro are very close which allowed us to get to all the places we desired to go very easily. a bodega is next door and multiple restaurants are just a few doors down. we loved getting croissants and coffee at the bakery just down the street. so fresh and so good! denis was great to work with and always answered my questions very quickly. as an english speaking person, it would have been helpful if the book of information wasnt just in french and if there had been more information about getting in and out of the main door. but those things were very minor and i would certainly stay here again. it was so nice having a little more space to stretch out and relax after a busy day in the city!
- wonderful stay and location! close to metro and very quiet neighborhood. host was terrific!!!
- the stay at this location could not have been better. the hosts met us at the door at arrival. there was fresh fruit waiting for us as well. they gave us ideas of places to go, how to find metro and even arranged an activity for us. the communication was excellent. everything in the apt was well thought out and well provided including adapters and tea and coffee for the espresso machine. with just a short walk to two metros, bakery just a few doors down and a mini store next door this is the perfect location for your stay!
- traveling with a good friend, this was the perfect place to stay. you cannot ask more for the location and convenience !! the château was cozy and clean, just right size for two of us. we had little trouble with the doors, closingopening the door was little tricky by turning a key but after few days, my friend master the process. it may be just me that i usually have difficulty with hotel pillows to fall a sleep. two pillows were not comfortable for me, i had to use my down jacket for a pillow. nevertheless, those are minor issues. we tremendously enjoyed our stay. also it was our pleasure meeting with denis and ~~anngret~~. they are just wonderful and such helpful landlords. this was the most memorable paris trip ever. its lot to do with where we stayed
